Note from Dean of University Libraries

Constantia Constantinou
Dean of University Libraries

I would like to acknowledge the University Libraries student staff for your dedication throughout the year. You are valuable members of the University Libraries team and you help to fulfill the academic mission of SBU Libraries. Your position in the library will serve you well throughout your career. You are developing skills and expertise that will be helpful throughout life. I encourage you to participate in the various SBU Libraries programs such as Pet Therapy, WOLFIE Wednesdays and the Zen Garden, developed to relieve some of the tension you and the student body of SBU may be experiencing throughout the academic year. Please take advantage of the newly renovated reading rooms. The renovations were designed with you in mind. The North Reading Room features technology enabled collaboration rooms, single service point library services and seating to support group or individual study. The Central Reading Room has flexible event space, a reading nook, two computer enabled classrooms and group study rooms. I'd like to take this opportunity to congratulate Jessica Quizhpe, the 2016 Recipient of the University Libraries Distinguished Student Employee Award and to Peter Groffmann and Jeremy Reifer, the Recipients of the Thomas Jefferson Awards. The awards were presented at the Annual Student Staff Appreciation Luncheon in April. We recently distributed the End of Year Goody Bags hoping it will sustain you through finals.
